B410

OKI
PRINTING SOLUTIONS

Professional desktop mono printing for the small office

In our experience, simplicity equals reliability. And that's what you can expect from the B410 - a robust, simple design with ultra-reliable digital LED technology for monochrome printing with absolute confidence.

Easy to install and use the B410 brings high performance, high quality A4 mono printing to the desktop and with automatic 2-sided printing as standard is good for both the environment and your pocket. Combine that with intelligent design and a range of handy utilities you'll see why OKI printers just keep on printing, page after page and day after day. They're just what you need for a busy office.

Everything you need

As you would expect from OKI, the B410 gives you everything you need from a desktop printer. Digital LED technology produces high quality documents and impressive print performance keeps work flowing. The B410 will output the first printed page in just 5.5 seconds with the rest following at a very fast 28 pages per minute (ppm). Sharing and system integration is made

easy with the B410dn network model, what's more, each model comes with automatic two-sided printing as standard, saving paper and reducing costs.

Easy to live with

Every B410 model has that famous OKI ease of use. A front-facing LCD display gives clear, at-a-glance status information, the toner cartridge can be replaced in moments (it's the same with the paper). Powerful productivity software enables users to quickly get the most from their printer making life in the office easier than ever. Reliable, high quality printers that everyone in the office can depend upon and that's OKI.

Dependable performance

A high 50,000 page per month duty cycle, powerful processor and generous memory allow the B410 to make light work of multi-page documents and busy workloads. The standard 250 sheets input capacity of the B410 can be expanded to over 780 sheets and a 3,500 page toner cartridge keeps user interventions and running cost low.

Powerful productivity software

The B410 models are complimented with useful utilities to help you get even more value from these reliable desktop printers:

Template Manager 3.0 – provides editable, easy to use templates for creating a wide range of office documents

For the network version additional management and control is available with the help of powerful easy to use software tools:

- Print Control - for tracking usage and controlling access for tighter cost control

- PrintSuperVision - browser-based monitoring and management of all your network printers, regardless of make or model
