FAST
Fastest-in-class print speed
Uncompromising print quality

- High speed single-pass print and copy speeds of up to 16ppm color and 20ppm mono
- No compromise on print quality – impressive color results even at maximum speed
- Short time to first print means no waiting
- High speed scanning and copying adds to productivity

EASY TO USE
The C3500 Series improves productivity and enhances creativity

- Network ready out of the box
- Intuitive operator panel makes all functions simple to use
- OKI Hotkey Utility allows the scanner to be controlled from the PC as well as the MFP
- Web Print simplifies web-page printing by adjusting text and images to fit on the page
- For support and tips, Ask OKI offers online advice, with one-click access via the printer driver

RELIABLE
The dependable C3500 Series keeps the work flowing

- High duty cycle of up to 35,000 pages per month
- Single pass digital LED technology offers smoother paper handling across a wide range of weights and sizes
- The straight paper path means higher print speeds and greater reliability which maintains the workflow
- Pan European on-site warranty

IMPRESSIVE RESULTS
Create high quality color and a better impression

- Excellent print and copy quality, due to ProQ2400 Multi-level technology and microfine High Definition Toner
- Auto Color Balance ensures color consistency throughout the life of the printer
- Photo Enhance enables printing of impressively sharp, photo-like pictures on ordinary office paper
- Versatile media handling and new Template Manager 2006 software enables a host of documents to be produced in-house – from business cards to 1.2m long banners

VERSATILE
The C3500 Series does more, so users can do more

- Small size and footprint fits more spaces
- ADF as standard, can handle high volume copying and scanning to keep all kinds of work flowing
- Scan to e-mail, FTP, CIFS & USB without the need for a PC. Simply scan and go

EASY TO CONTROL
Simple ways to control your investment

- Network Set Up enables fast and easy installation over the network
- PrintSuperVision allows remote monitoring of all network printers by administrators to track consumables use and check toner status
- Print Control enables network administrators to manage color usage, set limits and keep costs in check

SCAN TO NETWORK
Direct network scanning

- With the C3500 Series, it is possible to scan directly to the network without the need for additional software or a locally attached PC. Simply scan straight to the selected locations, which may be an e-mail address, shared directory on the network or an FTP site

HIGH DEFINITION COLOR

Technology without equal. Printing without effort

High Definition Color is OKI Printing Solutions' own unique collection of market defining hardware and software technologies. Together, these components deliver unsurpassed color printing... simply, intelligently, perfectly.

As the specialists in business printing solutions and leaders in color printing, we can be trusted to deliver. Great color starts with OKI Printing Solutions.

UTILITY SUITE

Unlock printing power and maintain business control

The C3500 Series Utility Suite is a unique set of software designed to help users get the most out of their investment. Below are some of the advanced utilities that deliver increased printing power and management control. For a complete list of utilities refer to the product specification table overleaf.

OKI Hotkey Utility

This utility allows users to control the C3520/3530 MFP's scanner direct from their PC. The fully customizable single-touch icons make it possible to open scans from the ADF or flatbed in a chosen format, in a chosen application, creating a set of easy to use shortcuts. The OKI Hotkey Utility offers several options, such as being able to scan from the C3500 Series and print to another printer, scan to PC fax software or e-mail applications from the PC, giving the user ultimate flexibility.

Scanning Tools

PaperPort® software assists in the storing and organizing of exact copies of scanned documents and photos on the computer. Scan, annotate and e-mail documents and photos in a format that everyone can view and print.
Omnipage® software allows hard copies to be scanned and turned into editable text documents, such as Microsoft® Word, quickly, easily and accurately.

Template Manager 2006 and Ask OKI

This powerful software program makes life easier in the office by providing ready-made templates for many kinds of stationery and promotional materials such as labels, business cards, banners and CD/DVD labeling. The unique Editing Suite allows the freedom to create new templates for specific media or vertical industry specific documents and to make it even easier the software automatically matches the document with the correct media. These templates can also be shared across networks for design/brand consistency. And, with Ask OKI, help is close at hand delivering advice, hints and tips on how users can optimize the use of the C3500 Series.

Consumables Information: For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI Printing Solutions toner cartridges. These can be identified by the Oki trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.
